**27th International Chugaev Conference  
on Coordination Chemistry**  
**4th Conference-School for Young Researchers**  
**“Physicochemical Methods in Coordination Chemistry”**  
October 2–6, 2017, Nizhny Novgorod

The Conference celebrates the 80th birthday of **Gleb A. Abakumov**

The International Chugaev Conference on Coordination Chemistry is one of the largest domestic forums covering both fundamental and applied aspects of modern coordination chemistry. The outstanding Russian chemists Ilya I. Chernyaev and Alexander A. Greenberg were the initiators of the Chugaev Conferences. Since 1937, the Chugaev Conferences have been held in different republics of the Soviet Union and its successor countries.

The aim of the International Chugaev Conferences is the exchange between scientists carrying out fundamental investigations in the fields of coordination chemistry, metal complex catalysis, physical chemistry of coordination compounds, and materials chemistry, and also the stimulation of applied investigations in the listed fields of chemical science. As well as addressing difficult fundamental questions, the Conference includes significant topics of practical relevance, such as the creation of new catalysts for organic reactions and the development of new engineering materials, including nanomaterials. The distinctive features of this conference are the high scientific level, the relevance of the issues discussed, and the friendly atmosphere.

**27th International Chugaev Conference on Coordination Chemistry will be held October 2–6, 2017 in Nizhny Novgorod** – one of the largest cities in central Russia, the administrative center of the Volga Federal District and the Nizhny Novgorod region. The city is located at the confluence of the Oka and Volga rivers. The history of Nizhny Novgorod spans nearly 800 years. It includes events of nationwide importance; for instance, the assembly by Kuzma Minin of the People's Militia (1611) that freed Moscow from invaders, and the foundation of the Nizhny Novgorod Fair (1822). From 1932 to 1990, the city was known as Gorky. At the present time, Nizhny Novgorod is a popular tourist venue. Its historical part is rich with the sights of the XVI–XX centuries. The modern Nizhny Novgorod is an important industrial, cultural and scientific center of the Russian Federation.

## President of the Conference

Prof. **Nikolai T. Kuznetsov**  
Academician (RAS), Moscow

## Co-chairs of the Organizing Committee

Prof. **Gleb A. Abakumov**  
Academician (RAS), Nizhny Novgorod

Prof. **Vladimir M. Novotortsev**  
Academician (RAS), Moscow

## Vice-Chairmen

Prof. **Vladimir K. Cherkasov**  
Corresponding member of the RAS,  
Nizhny Novgorod

Prof. **Igor L. Fedushkin**  
Corresponding member of the RAS,  
Nizhny Novgorod

## Scientific Secretaries

Prof. **Alexander V. Piskunov**  
Nizhny Novgorod

Prof. **Konstantin Yu. Zhizhin**  
Corresponding member of the RAS, Moscow

## International Advisory Committee

Prof. **Mikhail Belinsky**  
Tel Aviv  
Prof. **Oleg N. Chupakhin**  
Academician (RAS), Ekaterinburg  
Prof. **Andreas Grohmann**  
Berlin

Prof. **Vitaly V. Pavlichyuk**  
Corresponding member of the NAS  
of Ukraine, Kiev  
Prof. **Vasily I. Pekhnyo**  
Corresponding member of the NAS  
of Ukraine, Kiev

Prof. **Aurelian Gulya**

Academician (Moldovan AS), Chisinau

Prof. **Gerbert L. Kamalov**

Academician (NAS of Ukraine), Odessa

Prof. **Alexander I. Konovalov**

Academician (RAS), Kazan

Prof. **Givi V. Tsintsadze**

Academician (NAS of Georgia), Tbilisi

Prof. **Yrii A. Zolotov**

Academician (RAS), Moscow

## Committee Members

Prof. **Sergey M. Aldoshin**

Academician (RAS), Chernogolovka

Prof. **Igor S. Antipin**

## Scientific Program

- Theoretical aspects of coordination chemistry
- Structure and properties of coordination compounds
- Methods of the synthesis of coordination compounds
- Mechanisms and intermediates of complexation reactions
- Reactions of ligands in the inner coordination sphere of metal complexes
- Catalysis by metal complexes
- Bioinorganic and supramolecular chemistry
- Practical application of coordination compounds

## Registration Fees

The registration fee for the participants, students and postgraduates covers:

- Book of abstracts
- List of participants

- Participation in all scientific activities during the conference
- Informational support during the preparation of the conference

A registration fee for the publication of an abstract without participating in the conference will be available until July 1, 2017.

	before July 1, 2017	after July 1, 2017
Participants	8000 rub	8500 rub
Students and postgraduates	3000 rub	3500 rub
Accompanying person	1500 rub	1500 rub
Inclusion of a paper in the abstract book without attending the conference	500 rub	not available

Payment of the registration fee for inclusion of an abstract in the book of abstracts must be received by August 15, 2017. Participants who are not registered before the announced deadline can register and pay the registration fee only at the reception on the day of arrival. In the latter case, the organizing committee is not responsible for the publication of the participants' materials.

## Deadlines

- **February 15, 2017** – beginning of registration
- **July 1, 2017** – deadline for early registration fee payment and submission of abstracts
- **September 15, 2017** – deadline for hotel booking

## Location

**Grand Hotel "Oka"** is the conference venue and main accommodation for participants. The complex includes comfortable rooms, modern conference halls, two comfortable restaurants ("Oka" and "Royal"), the fitness club "Fitness Life", the entertainment center "Capital Club", the jazz club "Jam Prestige", the sauna club "Oka DeLuxe" and the spa "Europe & Asia". Detailed information on available rooms and accommodation is available at the website [hoteloka.ru](http://hoteloka.ru).
